

AGENDA - CERAD UMB5 EPIGENETICS MEETING – 25 AUG 2016

VENUE: NMBU Campus Adamstuen, Building 14, “BasAm Spiserom” 1st floor

12.00-12.30 CERAD Seminar Lunch

12.30-12.45 Opening by Deborah Oughton & Peter Aleström

12.45-14.30 Progress and plans epi-groups (10 min presentations + 5 min discussion) (Chair Peter)

1245-1300 Jens *Characterising and quantifying epigenetic changes that have relevance for transgenerational effects in Daphnia magna*

1300-1315 Ann-Karin Olsen *Epigenetics in mice*

1315-1330 Dag *C. Elegans (Title to be announced)*

1330-1345 Hans Christian *Salmon (Title to be announced)*

1345-1430 Jorke, Leif, Leonardo *Generational effects on the epigenetic landscape following exposure to IR in Zebrafish*

14.30-15.00 Break

15.00-16.00 Planning and collaborations (Chair Deborah)

How can we effectively collaborate in order to reduce costs, etc savings.

Plans for midterm review: How shall we publish cross species epigenetic results.

Other things to discuss

Conclusions

Jorke, Peter, Anka, Debbie, Brit
