## SODOC DEBATE AND BBQ

### Fake news debate: when sentiment Trumps facts!

All students and staff are welcome to join SoDoc and the university communications department for a discussion around the question: In the current social climate where substance does not seem to be as important as sentiment, how should young researchers present their findings to the public?

### FAKE NEWS

Will you be the next  
Trump of science?

Would it be better to  
present your results  
as sentiment?

Or stick to data and  
facts?

We will fire up the  
BBQ, provide snacks.  
You need to bring  
your own food and  
drink

Find out more and have  
your say at:
