

“I like the articles, also the seminar form and not only lecture (which most courses are). Great with the preparatory videos and quizzes, makes me start to think about the theme in advance before Thursday”

“The warm up videos are very useful, it's a really good idea to be more prepared for the class, and more aware of what we are going to talk about. It would be very nice if we could have a little warm up before each new concept”

“whiteboard-only lectures are great!”
