Candidate presentation Linas Johan Hanssen Hauge

**Faculty VET** 

Born 1994

Hi!

I would like to rerun for deputy male representative at the faculty board of VET. My name is Linas Johan Hanssen Hauge, and I was born on a cold winter day 03.03.1994 in Tromsø. This is my third year as a veterinary student at VET. I have some experience from the social arena at the faculty, as the former leader of the Veterinary Medical Student Association, VSF. I like to contribute to the community, and thus think that the position suits me well. Other than that, it's always fun with a little challenge!

Should there be any questions, please get in touch.

Sincerely, Linas J.H. Hauge
