

Hi!

My name is Judith Nilsen Landøy, I am 23 years old, and I am studying landscape architecture at my first year. Before I started at NMBU I finished a study i Project management, I have taken some subjects and went a year to a "Folkehøgskole". I am a social woman who likes new challenges.

A new female representative will now be elected to the faculty board at LANDSAM, and I want to run as a candidate. I do not have much experience in this type of work from before, but I want new challenges, to learn more, and to engage in issues that happen at the faculty level.

Otherwise, as mentioned earlier, I have taken the study in project management which can come in handy. Besides, I am structured, and want to do a good job. I want to contribute to that LANDSAM, our faculty, is being pulled in a positive direction. I also want to be a good connection between fellow students and others on the board, and have a positive impact.

Sincerely,
Judith Nilsen Landøy
