

## **SPRING ACADEMIC SEMINAR SERIES**

### **Publishing at NMBU – Info from the Research Administration**

**Speaker: Solveig Fossum-Raunehaug**

**Friday, 13 March 2015**

**12:15 – 13:15**

**Tower building (Tårnbygningen) TU101**

**Solveig Fossum-Raunehaug** (NMBU) is the senior advisor of the NMBU Department of Research Affairs (Forskningsavdelingen), and the team leader for PhD education administration. Prior to her current position, she was a post-doc and researcher at the Institute for Cancer Research in the Oslo University Hospital (Oslo Universitetssykehus) from 2007 to 2014. Having received her Masters degree in Biotechnology at NLH (now NMBU) and her PhD in Biochemistry/Cell Biology at UiO Med Fak/ Institute for Cancer Research OUS, Solveig is well-aware of the issues faced by students and researchers when dealing with publishing. Institute for Cancer Research OUS

She will speak about the rules and regulations surrounding publishing in NMBU, and give some information about the rules at the different faculties and departments. In addition she will speak briefly about open access publishing and open archiving at NMBU, a service offered by the university library (Universitetsbiblioteket).
